LED luminaire TORRE CCT with the possibility of changing the light color (CCT), with a power of 18 W, high light efficacy 111 lm/W. Thanks to the ability to change the color temperature (CCT) in the range from 3000K to 6000K, we can adjust the light color depending on our needs and preferences. It has a high IP54 rating, making it ideal for use in rooms with high humidity. The CCT function allows you to changes to the colour temperature of light (3000/4000/6000K), Narrow beam angle 30° gives directional light so that selected surfaces can be better exposed. Designed for surface mounting.
