

## TBM 13.35M FP400 STTZN (103 013)

Figure without obligation

| Type  | TBM 13.35M FP400 STTZN              |
|---|-------------------------------------|
| Part No.  | 103 013 ✓                           |
| Material  | St/tZn                              |
| Height above ground level (l1)                  | 13350 mm                            |
| Mast segments                                   | 2                                   |
| Max. gust wind speed                            | 221 km/h                            |
| Length of air-termination rod (l2)              | 2400 mm                             |
| Dimensions of flange plate                      | 400 x 400 mm                        |
| Flange plate                                    | 4x Ø28 mm for 4x M24 (300 x 300 mm) |
| Dim. of on-site concrete foundation (l x w x h) | 1400 x 1400 x 900 mm                |
| Zinc coating acc. EN 1461                       | approx. 100 µm                      |
| Standard  | EN 62561-(1+2)                      |
| Weight  | 228 kg                              |
| Customs tariff number                           | 85389099                            |
| GTIN  | 4013364129818                       |
| PU  | 1 Stk                               |

We reserve the right to introduce changes in performance, configuration and technology, dimensions, weights and materials in the course of technical progress. The figures are shown without obligation.
