Product description

Manufacturer identification	Schneider Electric Industries SAS
Brand name	Schneider Electric
Product function	SSP solid state relays are panel mount relay products that offer complete solid state control and switching solutions. The main purpose is to serve as an electronic switching device, in which a small control signal controls a larger load of current or voltage. It employs semiconductor switching elements and has no movable contacts.
Product reference	SSP1A4125BDS

Total representative product mass	87 g
Representative product dimensions	44.5mm x 58.9mm x 40.7mm
Date of information release	05/2019

Additional information

Legal information	The product family must be disposed according to the legislation of the country. This document is intended for use by end of life recyclers or treatment facilities. It provides the basic information to assure an appropriate end of life treatment for the components and materials of the product.	
Recyclability potential	56%	Based on “ECO'DEEE recyclability and recoverability calculation method” (version V1, 20 Sep. 2008 presented to the French Agency for Environment and Energy Management: ADEME).
